## **Town of Starkey seeks Planning Board members.**

The Planning Board is an administrative board which has the responsibility of shaping guidelines for future development, based on The Comprehensive Plan. As a Planning Board member, you will craft and present changes of new/existing regulations to the town council for adoption, as well as hold public hearings on various applications for development or proposed ordinance changes, and to discuss topics related to growth management and community planning according to current zoning regulations, and State and Federal rules that may apply.

Our core group of members bring years of experience and backgrounds. Training provided. No experience needed.

Effective local government requires the participation of the residents. Becoming involved with the community where you live, work and play.

Meetings are held monthly on the first Tuesday at 7:30 PM.

If interested, contact the Town Clerk at 607-243-5410 or Code Enforcement officer at 607-243-7996 or in writing to 40 Seneca Street, Dundee, NY 14837
