The advertised workshop of the Town of Starkey Board held October 2, 2018, at the Starkey Town Hall, 40 Seneca Street, Dundee, Yates County, New York was called to order at 8:00 AM by George Lawson.

George Lawson introduced Colby Peterson, Yates County Soil & Water, to discuss dry wells and seepage tanks. The board discussed amending the Short-Term Local Law or adding onto the septic inspection section of the Zoning Regulations. As of now the Board decided that following the NYS Department of Health regulations provided sufficient guidelines for Brian to use to determine the passing or failing of dry wells and seepage pits.

The board took a walk around outside the town hall to discuss what to do with the aging trees in the cemetery.

The minutes of this meeting will be offered for approval at the next regular Town Board meeting October 4, 2018 at 7:00 PM.

There being no further business to come before the Town of Starkey Board, a motion to adjourn was made by George Lawson and seconded by Bill Holgate. Appr: 5-0
