Brian Quackenbush Code Official
Sue Crans Recording Sec.

The advertised workshop to discuss kennel regulations held May 24, 2018 at the Dundee Baptist Church, 20 Seneca Street, Dundee, Yates County, New York was called to order at 6:00 PM by George Lawson.

Fred Shoemaker listed facts and statistics he gathered from the previous workshops. He asked the board members to agree or disagree with them. Fred reported on his 5 year plan to transition from breeders kennels to whelping centers. The main goal of this plan was to rehome retired breeding dogs to give them a fuller, longer life with family interaction.

George started a discussion on his draft of a Town Breeders Guide. The board worked through the steps and suggested a few changes. He then opened the meeting for public comments. Bill Holgate offered to contact the Yates County Animal Control Officer concerning the inspection of Kennels in the Town of Starkey.

Meeting was adjourned at 8:35 PM

Sue A. Crans

Town Clerk
Town of Starkey
